

VALE SHIELD

The Vale Shield is a versatile solution that can be retrofitted to the outside of any window, making it tamper-proof while significantly reducing ligature risks.

VALE SHIELD

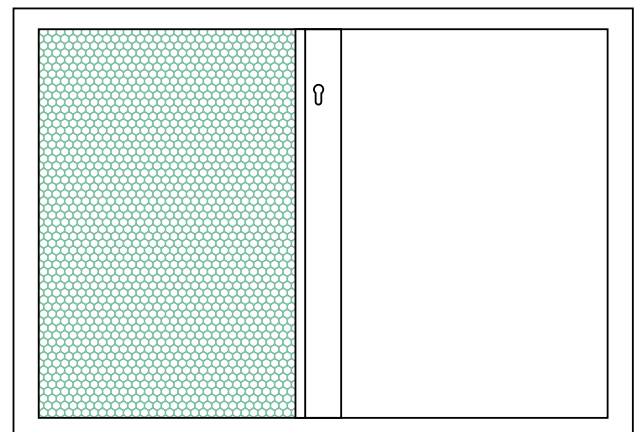

Featuring a reduced-ligature frame and a removable stainless steel mesh.

The Vale Shield is specifically designed to address potential ligature concerns on the exterior of buildings, including courtyards and communal areas. This innovative system provides an added layer of safety without compromising functionality or durability.

KEY PRODUCT FEATURES OF THE VALE SHIELD:

- Reduced ligature design
- Attack resistant design
- Slim sightlines to ensure maximum light transmission
- Excellent infection control
- Powder coated finish in any RAL colour
- Removable stainless steel reduced ligature mesh

Vale Shield – Outside
